## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. Claims 8 and 15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In Claim 8, the notations  $R^1$  and  $R^2$  are not clearly defined because the  $R^1$  cannot be greater than 7 and the  $R^2$  cannot be greater than 3 according to the provision of HyD in Claim 7.

In Claim 15, line 3, the “n” should be changed to --  $\pi$  --.

### ***Allowable Subject Matter***

2. Claims 1, 3-7, 9-14 and 16-20 are allowed.

### ***Response to Arguments***

3. Applicant's arguments filed 10/24 have been fully considered but they are not persuasive. (see section 1 abovementioned). However, the rejections over Arakawa and Ichihashi have been fully considered and are persuasive. Therefor the rejections over Arakawa and Ichihashi have been withdrawn. Also, the rejection under obviousness-type double patenting has been withdrawn because the claims of the '906 fail to disclose the present invention, which the lower layer of the two layers has an upper surface subjected to a rubbing treatment and the upper layer of the two layers is disposed in contact with the rubbed surface of the lower layer and the process

comprising a rubbing step of rubbing an upper surface of the lower layer, and a step of preparing the upper layer in contact with the rubbed surface of the lower layer.

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

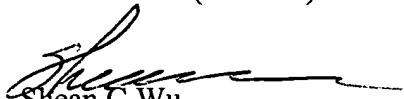

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
